

Critical Information Summary

Unified Communications as a Service (UCaaS)

Information about the service

Lanrex's UCaaS service is a feature rich cloud voice telephony and unified communications service that is supplied over the internet or private data network. A handset may be required (purchased separately through Lanrex), alternatively a softphone can be used, to initiate and receive calls on the public network.

Requirements and Availability

UCaaS requires a data network (internet or private network connected to Lanrex) to register on and make and receive phone calls. Each active concurrent UCaaS service requires 100kbps of available bandwidth (up & downstream) for the best performance and quality.

Minimum Terms

Lanrex's UCaaS service is available on 12, 24 or 36 month contracts.

Additional Options

There are a range of additional add-ons that are available for UCaaS Services, you can upgrade at any time through the SASBOSS portal or by calling Lanrex on 1300 526 739. Prices will depend on the options selected.

Early Termination Fee

If you cancel the service during the contract term, early termination fees (ETF) may apply. ETF is calculated by the total monthly charges multiplied by the remaining months of the contract term.

Customer Service

If you have issues with the ordering or support of UCaaS service you can call the Lanrex support line on [1300 526 739](tel:1300526739) or email the service desk on support@Lanrex.com.au

Complaints Handling and Dispute Resolution

If you have a complaint or are not satisfied with your service request from our service desk, you can escalate your complaint to complaints@lanrex.com.au

Telecommunications Ombudsman

If you are not satisfied with the outcome after escalating as per the above process, you may seek assistance from the Telecommunications Ombudsman at online at www.tio.com.au or by calling 1800 062 058
